

Support

Description

BE NOT AFRAID is a completely free podcast, and creating a podrama involves a lot of time, energy and organization from this working class couple. If you want to help us keep making it, consider becoming a patron! On Patreon, you get access to exclusive content that we think you will love. That way you contribute to keeping the show “on the air”, and improve production value.

But above all, the best support we can ask for is for more people to hear what we create! Here is a suggested list of things you can do to boost us, and it's free:

- Share BE NOT AFRAID with your friends
- Rate and leave reviews on iTunes
- Talk about us, or at us, on [social media](#) using the hashtag #bnapod
- Ask Enoch a question on [tumblr](#)
